Join UOW Buddies in 2016!

Remember how hard it was to make friends in your first weeks at UOW? Imagine having a group of local students to meet with each week who made you feel welcome, could answer your questions and ran fun activities. That's what UOW Buddies provides!

The UOW Buddies Program is run by CSE volunteers, and aims to help new international students at the UOW College to make friends and to settle into life in Australia. Buddies arrange an activity each week for five weeks to make new students feel welcome, help them with conversational English and share cultural stories.

**Essential skills for this position include:**

- Excellent communication skills
- Passion for student engagement
- Ability to work in a team environment
- Ability to work with people from diverse backgrounds
